

We love pets!

With a long history of knowing pet breeding and training, we are since 1981 one of the leading producers of high quality, innovative and creative pet products for a healthier, happier pet!

We invite you to get inspired by our catalogue!

Your needs are our mission!

From the first idea to the finished product, we can make it happen!

At TMT we are able to meet any type of demands and needs regarding product production, quality, design, and delivery.

Our team of experts have many years of experience in various fields and are working on a daily basis with all different types of needs and demands. They will help and guide you all the way until you have your finished products on your doorstep.

We always strive to be in the forefront in design, quality and product development. Our production capabilities are excellent and our quality control meet all the international standards, rules and regulations.

Our philosophy is always to strive to work with sustainable development and reduce our carbon footprint.

All our products are produced cruelty free.

All our production and fabrics are made according to OEKOTEX 100 standard, all our wood is FCS certified and we strictly follow REACH rules and regulations. All our furniture's are produced according to the CE and EN directives..

We invite you to get inspired by our catalogue!
