

Everything for the mother and child.

At TMT United we know all about the baby and the mothers needs from the newborn to the toddler and young child. Since 2011 we have produced our products with the highest quality in mind. All our products are designed to be safe, fun and comfortable as well as allergy friendly, practical, durable and adaptable for both mother and child.

We invite you to get inspired by our catalogue!

Your needs are our mission!

From the first idea to the finished product, we can make it happen!

At TMT we are able to meet any type of demands and needs regarding product production, quality, design, and delivery.

Our team of experts have many years of experience in various fields and are working on a daily basis with all different types of needs and demands. They will help and guide you all the way until you have your finished products on your doorstep.

We always strive to be in the forefront in design, quality and product development. Our production capabilities are excellent and our quality control meet all the international standards, rules and regulations. Our philosophy is always to strive to work with sustainable development and reduce our carbon footprint. All our products are produced cruelty free.

All our production and fabrics are made according to OEKOTEX 100 standard, all our wood is FCS certified and we strictly follow REACH rules and regulations. All our furniture's are produced according to the CE and EN directives..

We invite you to get inspired by our catalogue!
